What is the SSAT?

The Secondary School Admission Test (SSAT) consists of two parts: a brief essay, and a multiple-choice aptitude test which measures your ability to solve mathematics problems, to use language, and to comprehend what you read.

The test is administered on two levels:

- **Lower** (for students currently in grades 5-7)
- **Upper** (for students currently in grades 8-11)

Many editions of the test exist to ensure that no student takes the same SSAT twice. All tests are printed in English.

The test is timed and divided into five sections. You will be given 25 minutes for the writing sample, 30 minutes each for the verbal and two quantitative sections, and 40 minutes for the reading section.

• Writing Sample

Includes one topic statement which you will be asked to support or argue, using specific examples from personal experience, current events, history or literature. The writing sample is not scored by SSAT and is not included with the score report sent to families.

• Quantitative (Math)

Consists of two sections of 25 questions each. You will be required to do math computation similar to what you do in school or what is useful in everyday life.

• Verbal

Consists of 30 synonym and 30 analogy questions.

• Reading Comprehension

Includes 40 questions based on about 7 reading passages. These questions measure your ability to read quickly and comprehend what you read.

Sample Test Questions on pages 7-9.

Test Day Checklist

- ✓ **Don't forget:**
 - Your SSAT Admission Ticket
 - Sharpened #2 pencils
 - A good eraser
- ✓ Listen carefully to the instructions read by the test supervisor and follow directions in the test book.
- ✓ Remember to mark your current grade level, not the grade you will enter next year, on your answer sheet.
- ✓ No books, papers, calculators, beepers, phones, or alarm watches are permitted in the test room. No visitors are allowed in the test room.
- ✓ All test materials will be collected at the end of the test and may not be taken from the room. The SSAT is not a disclosed test.
- ✓ Testing normally begins at **9:00 am**.
Check your admission ticket for exact time. Plan to arrive at the test by 8:15 to ensure proper check-in, especially if you are a standby tester.
- ✓ Test dismissal is normally **between 12 noon and 12:30 pm**.
Be sure someone can meet you at that time, as test supervisors are not responsible for remaining at the center after the test ends. At large centers, testing may start later than 9 a.m. and dismissal may be delayed.

Test Timing

Myth: Extra testing time will improve a student's performance on the SSAT.

Fact: The standard testing time has been extended to ensure that all students have enough time to complete the SSAT.

In 2004, the total testing time for the SSAT was increased by 30 minutes to assure that all students finish the test within the time allotted and thereby eliminate speededness as a component of the SSAT.

Should You Guess?

All questions on the SSAT are equal in value, and scores are based on the number of questions you answer correctly minus one-quarter point for each question you answer incorrectly. You may only give one response to each question. Although no points are awarded or deducted for questions left unanswered, you will be penalized for questions answered incorrectly or with more than one response.

While educated guessing is encouraged, random guessing is discouraged. If you know enough about a question to eliminate two or more answer choices as incorrect, you might try to answer it; the more choices you can eliminate, the better your chances are for answering correctly. However, if you know nothing about a question, leave it blank and move on to others. It is unlikely that random guessing will improve your score significantly, and it may actually lower your score. Remember, though, the more questions you answer, the higher your potential score.

The SSAT consists of two parts: a brief essay, and a multiple-choice aptitude test, which consists of four separately-timed sections: two Quantitative, one Verbal, and one Reading Comprehension. Following are sample questions which might appear on both Upper and Lower Level tests. We suggest that you review these questions in order to familiarize yourself with the SSAT format and types of questions you will find on the actual test.

Writing Sample

Questions: 1 (essay response)

Time: 25 minutes

What is measured? Your essay will be used by admission officers to assess your writing skills. The exercise is not scored by SSAT, but a copy of your essay is forwarded to each school you request as a score recipient.

Directions: Read the following topic carefully. Take a few minutes to think about the topic and organize your thoughts before you begin writing. Use the scratch paper and pen provided. Be sure that your handwriting is legible and that you stay within the lines and margins.

Sample Topic: It is better to be safe than sorry.

Assignment: Do you agree or disagree with the topic statement? Support your position with one or two specific examples from personal experience, the experience of others, current events, history, or literature.

Multiple-Choice

Each question is followed by five answer choices lettered A through E. After you have selected your answer, find the row on the answer sheet numbered the same as the question and fill in the circle with the same letter as your answer. Be sure to fill in the circle completely and erase all mistakes completely. Each question has only one correct answer.

Sample answer sheet on page 9. Correct answers on page 6.

Reading Comprehension

Questions: 40 (multiple-choice), based on 6-7 reading passages

Time: 40 minutes

What is measured? Your ability to read quickly and to understand what you read.

Directions: Read the passage carefully and then answer the questions (1-3) about it. For each question, decide on the basis of the passage which one of the choices best answers the question.

We had had a consuming desire to see a pony rider, but somehow or other all that passed us streaked by in the night, and so we heard only a whiz and a hail, and the swift phantom was gone.

But now the driver exclaims, "Here he comes!" Every neck is stretched and every eye strained.

Away across the endless dead level of the prairie a black speck appears against the sky. Soon it becomes a horse and rider, rising and falling, sweeping nearer and nearer, and the flutter of hoofs comes faintly to the ear. Another instant a whoop and hurrah from our upper deck, a wave of the rider's hand, but no reply, and man and horse burst past our excited faces and go winging away like a belated fragment of a storm!

- At the driver's call, the people became more
 - disappointed
 - eager
 - frightened
 - puzzled
 - hysterical
- The people waiting to see the pony rider were most probably
 - at a hotel
 - on a grandstand
 - on a stagecoach
 - at a farm
 - in a theater
- The land where the people were watching was
 - flat and treeless
 - hilly and rocky
 - desert-like
 - farmland
 - cut by deep crevasses

Quantitative (Math)

Questions: 50 (multiple-choice), in two sections

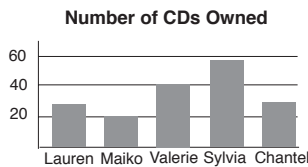

Time: 30 minutes per section (60 minutes total)

What is measured? Your knowledge of algebra and quantitative concepts.

Directions: Following each problem in this section, there are five suggested answers. Work each problem in your head or in the space provided (there will be space for scratchwork in your test booklet). Then look at the five suggested answers and decide which is best.

Score Reporting

School Reports

Most scores are released to schools approximately two weeks after the test date. Schools receive printed reports by mail and may access scores electronically through their SSAT Member Access account.

Be sure to test early enough in the year so that schools will receive your scores by application deadlines. Use account management pages at www.ssat.org to track the status of your score reports.

Student Reports

Scores are released to families (by mail, FedEx and e-mail) a few days after the school score release date. Allow an additional week for delivery by US first class mail (delivery time varies). If you have not received your scores within one month of the test date, please contact info@ssat.org.

Please do not call SSAT before this time to inquire into score status. Scores will not be released by phone. The writing sample is not included with the student score report.

Alternate Score Delivery

For an additional fee, SSAT will report your scores by e-mail or FedEx (home report only). Note: this is not a rush scoring service; scores will be released on the common release date.

Score release dates on page 3.

How do I read my scores?

Your SSAT score report will provide detailed explanations to help you understand each of your scores, including

Scaled Scores Verbal, Quantitative, Reading, and Total Scale for grades 5-7: **440-710** (V/Q/R), **1320-2130** (Total) Scale for grades 8-11: **500-800** (V/Q/R), **1500-2400** (Total)

SSAT Percentile Ranks for each category

The SSAT ranks (1-99%) compare your scores to those of other students who have taken the SSAT in the past three years.

Estimated National Percentile Ranks (grades 5-9 only)

The national ranks (1-99%) compare your performance to the national student population, not only students who have taken the SSAT.

Predicted 12th Grade SAT* Score (grades 7-10 only)

Schools use your scores in different ways: to estimate your ability to do work in a private school; to compare your performance with other applicants for admission or with your present academic record; and to help you improve skills prior to college admissions testing. Each school evaluates your scores according to its own standards and requirements. Please contact individual schools for more information. SSAT is a testing service and cannot provide individual score evaluation.

To Cancel Your Test

Sometimes a student may become ill or feel that they did not test to the best of their ability. To cancel your test, a written request (mail, fax or e-mail) must be received at SSAT no later than **the Tuesday after the test date (5:00 pm EST)**. Fees will not be refunded for a cancelled test or any related services. Scores for a cancelled test will not be reported to the student or any designated score recipients.

If you wish to see your scores but cancel selected school reports, see "Add or Cancel Score Reports."

Add or Cancel Score Reports

When you register, you may designate two score recipients, free of charge. To add or cancel recipients, or to request additional reports, the following services are available:

FREE Online Score Management

- Add or cancel scores online at www.ssat.org at no additional fee.
- Add school score reports at any time before or after test.
- Cancel score reports until 5:00 pm EST on the Tuesday following the test date.
- Scores mailed each Friday following a weekly print run.
- Free Online Score Management expires July 31, 2010.

Add/Cancel Score Reports

- Includes all written requests (mail, fax or e-mail). Add/Cancel Score Request form on page 33 of this guide.
- **\$25** transaction fee per order to add/cancel reports. Add/cancel up to ten (10) reports per transaction.
- Each transaction is limited to one test registration.
- Add school score reports at any time before or after test.
- Cancel score reports until 5:00 pm EST on the Tuesday following the test date.
- Scores may not be requested by phone.
- Allow up to two weeks for score reporting.

Notes:

- 2009-2010 scores will be available until 7/31/11.
- You may manage your 2009-10 scores online until 7/31/10.
- Scores for tests prior to 8/1/08 are no longer available.

Rescoring for Different Grade Level

Students are scored according to the grade level they report on their answer sheet at the time of testing. Students should be sure to indicate their **current grade level**, not the grade for which they are applying. June testers should indicate the grade they attended during the 2009-2010 academic year.

To have your test rescored on a different grade level, submit a written request and **\$20 rescoring fee**. Your revised scores will remain on file, and your original scores will no longer be available.

Notes: Lower Level tests may be scored for grades 5-7 only, Upper Level for grades 8-11 only. Revised scores will be sent to your home and all designated recipients. Rescore within the current academic year only. Allow two weeks for rescoring results.

Integrity of Scores

SSAT is committed to maintaining score integrity and reserves the right to cancel a test score whenever there is any reason to question the integrity of that score. If a score is questioned, the test taker will have an opportunity to supply additional information, confirm the scores under question by taking the SSAT again, or resolve the matter otherwise.

In no situation may any portion of the exam be omitted or skipped. Any exam in which the student does not complete each of the five sections is considered incomplete and cannot be scored by SSAT.

Permission to use the SAT trademark and the College Board 200 to 800 scale and to provide estimated SAT scores does not imply review or endorsement by the College Board, nor does the College Board warrant the accuracy of the estimated SAT scores. The SSAT is not connected with or sponsored by the College Entrance Examination Board.

The schools, educational consultants and educational organizations listed below use SSAT scores in their admission process. Refer to the four-digit codes listed when selecting score recipients on your SSAT registration form.

COMMON NOTIFICATION AND REPLY DATES: Members designated with a ♦ will begin communicating formal admission decisions to applicants and their parents on **MARCH 10, 2010** and expect parents of accepted students to formally notify (in writing or by telephone) these schools of the student's intent to enroll or not to enroll by **APRIL 10, 2010**.

ONLINE APPLICATION FOR ADMISSION: Many of the SSAT member schools listed below accept the standard Application for Admission. To apply or submit an online inquiry, or for more information, visit the **Online School Search** at www.ssat.org.

SSAT Member Consultants and Organizations

Although most families apply directly to the independent schools of their choice, others seek the advice and expertise of educational consultants (individuals and organizations) which seek to place students in appropriate schools. Many have professional educational consulting degrees; others are practicing psychologists. Most have extensive expertise working with students at the secondary school level. Consultants' primary concern is for the family for which they work; they are not paid by schools to identify students, and they usually bill the family directly for their services.

If you choose to use an educational consultant, be sure that the individual or organization receives a copy of your SSAT scores. The names and member codes of eligible consultants are listed below. Find the most current list of consultants and organizations online at www.ssat.org.

Eligibility

A student with a **school-documented disability** may apply for special testing accommodations for a national or international SSAT administration. Only students who can provide school documentation that verifies that they routinely receive special accommodations in their current school setting will be approved.

Special accommodations are not available for temporary disabilities, such as a broken arm.

Students requesting only **extra time**, if it is routinely permitted in their current academic setting, may apply for a standard 30-minute extension to the end of the test.

Students with **other requirements** may also apply for special testing accommodations. With SSAT approval and evaluator verification, additional accommodations may include:

- Permission to mark answers directly in test booklet
- Large print test booklet and materials
- Use of laptop computer with spelling aid for writing sample
- Extra Time (1.5 x standard time per section).

Requests for Extra Time Only (30-Minute Period)

Deadline for Application:

- Application form must be received by SSAT **two weeks before test date** (late registration deadline).

Required Documentation:

- **Special Testing Application (A)**, signed by an official at the student's current school, which verifies that the student is routinely permitted additional time for testing at the school.*

Test Sites:

- Extra time (30-minute period) available at all scheduled national test sites listed on pages 15-19.

Approved students will be provided an additional 30-minute period at the end of the test, during which time they may work on any of the four multiple-choice sections of the test (writing sample excluded). Students must remain in the test room for the full 30-minute test period. Total testing time: 3 hours, 5 minutes (plus breaks).

Students granted this accommodation may be tested in the main testing area, or in a separate group, at the discretion of the administrator. Separate or individual testing is not guaranteed or implied.

Special Accommodations Approval Letter

After your accommodations request has been received and approved, SSAT will mail a Special Accommodations Approval letter to you.

Your approval letter includes:

- student information and SSAT registration ID
- assigned test center
- approved accommodations
- test day instructions

Your admission ticket will be mailed separately. Be sure to bring both your admission ticket and approval letter with you to the test.

Review your Approval Letter to ensure that your student information is accurate. Contact SSAT at **info@ssat.org** with corrections or if you do not receive an approval letter.

Requests for Other Accommodations

Deadline for Application:

- All documentation must be received by SSAT **three weeks before test date** (regular registration deadline).

For flex registrations, documentation is due two weeks prior to the test date.

Required Documentation:

- **Special Testing Application (B)**, signed by an official at the student's current school, which verifies that the student is routinely permitted the requested accommodations at the school.*
- A copy of the school's IEP (or equivalent) that qualifies the student for the accommodations requested. See form for more information and restrictions.*

Test Sites:

- Limited availability; select a site from the list on pages 22-24.
- Sites and seats for the 10/17/09 test are extremely limited. Online registration is recommended to determine availability.

Approved students are tested together in a classroom separate from the main testing group.

** Students who are home-schooled should contact SSAT regarding documentation requirements.*

Deadlines

- Online registration is available for Special Accommodations candidates. However, proper documentation must be received at SSAT by the posted deadlines.
- Submit application materials as early as possible; not all requests may be approved for the date/site requested.
- If you have been approved for accommodations for the SSAT between 8/1/09 - 7/31/10, you do not need to resubmit an application.

When you register, be sure to indicate that you would like to receive the same accommodations, or send a written request to SSAT by e-mail, mail or fax, so that it is received by the special accommodations deadline for the new test date. Provide the student's name, date of birth, original test date with approved accommodations, and the new test date.

- SSAT reserves the right to reschedule special testing to an alternate date or site.
- Late or incomplete forms will be returned by US Mail and may delay testing.

Application Instructions

1. Select an eligible test site. A list of available test centers is available on the following pages.
 2. Have an official at your current school complete one of the two Special Accommodations applications and provide required documentation, if necessary.
 3. Submit the following documents to SSAT:
 - SSAT Special Testing Application A or B, signed by an authorized administrator
 - Required documentation* (IEP, 504 plan, etc.), as described on the application form.
- * *Application B only - required documentation must be received with the application.*

Complete SSAT Registration Form (page 29).

E-mail Address: Optional, include for e-mail delivery of scores or admission ticket. If an invalid e-mail address is provided, your score report will be sent to you by first class mail and score reporting fees will not be refunded.

Social Security Number: SSAT member schools use this number to identify student records. Providing this information on your SSAT Score Report will help the admissions process go more smoothly for you as well as your chosen school. Social Security Numbers will only be released to the SSAT members to whom you send score reports.

Grade Level: Indicate the student's current grade level, not the grade to which they are applying. June testers should indicate the grade they attended during the 2009-10 academic year.

Test Date: Use the registration form to register for one test date only. Please photocopy the form if you wish to register for multiple test dates.

Test Center: Check that the test center you have selected is testing on the date you have selected. If your test center is invalid, SSAT will return your registration form by US mail.

Admission Ticket: Choose free delivery by e-mail or mail. Specify one method by which you would like to receive your SSAT Admission Ticket. If an invalid e-mail address is provided, your ticket will be sent to you by first class mail.

School Score Reports: Copies of your score report may be sent to SSAT member institutions. Select two score recipients at this time free of charge. If you wish to see your scores before sending them to schools, leave this section blank. Scores will not be reported to your test center unless it is a SSAT member and listed as a score recipient. *Score recipient list on pages 11-14.*

Account Proxy: If you want to permit your current school, an organization, or educational consultant to manage your student registration account, include their SSAT identification code here. This permission will enable your consultant or school administrator to add/cancel scores on your behalf (at no charge) using your online account. Otherwise, leave this field blank.

Student Score Reporting Services: A score report will automatically be mailed to your home address, free of charge. For an additional fee, SSAT will report your scores by e-mail or FedEx (home report only). This is not a rush scoring service; scores will be released on the common release date. Fax reporting service is not available. FedEx reports cannot be sent to US P.O. Boxes or APO/FPO Boxes.

Enclose payment with your registration form.

See page 3 for fees and payment information.

Complete payment must accompany this form. Do not mail payment separately.

All fax or online registrations must include payment by Visa/MasterCard or SSAT Fee Waiver.

SSAT will return any registration that does not include complete payment or necessary information. Corrected forms must be returned to SSAT before the posted regular deadline.
